Bryant's Sentry Hardware Lawn & Garden to expand off Burlington Road

Jun 13, 2018, 3:34pm EDT

Bryant's Sentry Hardware Lawn & Garden is making plans to expand its east Greensboro location.

Phil Bryant, owner of the landscaping supply store, wants to expand his landscaping and hardware business to 14 acres he owns on the north side of Burlington Road, near Maxfield Road.

Bryant, who has been in the landscaping and hardware business since 1983, said he hopes to start construction soon.

On July 11, he'll ask the Guilford County Planning Board to change the zoning to Light Industrial District to help make that happen. Bryant original planned to put a grocery store on the land, which currently is zoned for a shopping center.
